Extending the frontiers of Corporate Governance,  
Leadership development and management  
consulting

# FOREWORD

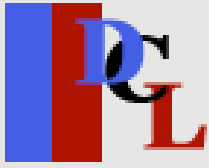

Since our incorporation in August 1999, we have been consistently working towards promoting the best Corporate Governance practices across Africa and we have continued to expand and revise our range of Corporate Governance consulting services and the service packages to sufficiently address the corporate dynamics of our clients.

Our theme “**Extending the frontiers of Corporate Governance , Leadership development and management**” reflects our commitment towards the promotion of best practices in the companies and organizations throughout Africa.

I take this opportunity to express our gratitude to all our clients new and old. 2024 was absolutely exciting and a productive year for DCL and indeed we extended the frontiers of Corporate Governance in various institutions. The DCL Board has total confidence in the management and staff of DCL.

We are determined to continue contributing towards the development of companies and organizations by developing the individuals that make up these companies and organizations through the provision of Corporate Governance, Management and Leadership Development Consulting programs to our clients.

Extending the frontiers of Corporate Governance,  
Management and Leadership Development consulting
